This project will provide additional water storage facilities. Project funding includes a \$200,000 loan from the Farmers Home Administration ("FmHA"), a \$151,500 grant from the Kentucky Infrastructure Authority ("KIA") and \$36,491 in Elkhorn Water funds. The loan will be for a 40-year period at an interest rate of 7 percent per annum.

Elkhorn Water's application was made pursuant to KRS 278.023, which requires the Commission to accept agreements between water districts and FmHA and to issue the necessary orders to implement the terms of such agreements within 30 days of satisfactory completion of the minimum filing requirements. Given that minimum filing requirements were met in this case on April 19, 1993, KRS 278.023 does not grant the Commission any discretionary authority to modify or reject any portion of this agreement.

2. Elkhorn Water's proposed plan of financing with FmHA is accepted.

6. Elkhorn Water shall monitor the adequacies of the expanded water distribution system after construction. If the level of service is inadequate or declining or the pressure to any customer falls outside the requirements of 807 KAR 5:066, Section 5(1), Elkhorn Water shall take immediate action to bring the system into compliance with Commission regulations.

Nothing contained herein shall be deemed a warranty of the Commonwealth of Kentucky, or any agency thereof, of the financing herein accepted.
